**2024 Spring Colloquium: A Conversation for the Social Sector**  
**Empowering the Future: Harnessing AI and Data for Philanthropic Social Good**

Tuesday, June 18, 2024 ⌚ 9:30 am – 3:30 pm  
 George Street Playhouse, New Brunswick Performing Arts Center

Every other year, CNJG brings together recognized thought leaders and practitioners from both the philanthropic and nonprofit sectors for a visionary conversation exploring topics of critical interest to the future of the social sector.

Join colleagues from across the state for a robust discussion exploring the impact of AI and data on philanthropy. Our panel discussion will bring together multiple perspectives to examine how AI can enhance problem-solving without losing human connections, how both AI and data affects equity, how philanthropy has engaged with AI for funding initiatives, and how AI has influenced Gen Z in philanthropy.
