Funders as Agents of Change

- **Increase use of technology**
  Provide technology funds to support transition to remote service delivery, acquisition to obtain or upgrade current technology, technical assistance and staff training

- **Promote use of virtual service delivery**
  Provide funds to develop new strategic business models that increase service delivery and efficiency

- **Share lessons learned and resources**
  Convene like minded groups to develop best practice models

- **Create opportunities for strengthening n-p infrastructure**
  Consulting funds to improve financial practices, remote staff supervision, service delivery measurement, outcomes, strategic planning, continuing staff education, transition planning, etc.
Thank You

JESPY Clients are valuable employees
Ableism Still A Challenge—Funders Can Help

• Funding philosophy must be more inclusive to address needs of people with disabilities and provide more opportunities.

• Attitudes and actions matter. People with disabilities want to be treated with respect and kindness and most importantly be included.

• Funder relationships with employers can help to advocate for people with disabilities. People with disabilities have many abilities.
New Strategies for Client Employment
Funders Can Help
Grant Making Opportunities and Advocacy

• Convene leaders to open up doors and pave the way to opportunity
• Advocate to employers on our behalf so they hear from those with influence
• Focus on diversity and inclusion in all projects and proposals—diversity takes many forms
• Funding for technology
• Support virtual education for skill development
• Streamline grant applications
• Increase opportunities for general operating support
• Capacity building without impacting program funds is critical
• Ensure that all applications include consideration of People With Disabilities
• Funders have the voice to become advocates for our new way of practice
Council on Foundations Pledge

An important message:

• Commit to listening to our partners and especially to those communities least heard, lifting up their voices and experiences to inform public discourse and our own decision-making so we can act on their feedback.

• We recognize that the best solutions to the manifold crises caused by COVID-19 are not found within foundations.
Moving Forward

• Appreciate financial support from variety of funders now more than ever
• Funding challenges and revenue streams continue to be impacted; goal now to be sustainable
• Our Services are vital to clients and community, we remain agile and adaptable
• Moving forward means continuing to be creative and flexible in meeting our clients’ needs.
Thank You
