Community resilience is the sustained ability of a **community** to use available resources (*energy, communication, transportation, food, etc.*) to **respond** to, **withstand**, and **recover** from adverse situations (*e.g. economic collapse to global catastrophic risks*).

COAD – Community Organizations Active in Disaster

Community Organizations (volunteers, Corporate and business leaders, and government officials) leveraging their relationships to help individuals, families and communities prepare and survive disasters large and small.

Together, building a Resilient New Jersey
